Excused: Council Member Jeff Turek

Meeting commenced at 5:41 P.M.

1. Comments from the Public.

John Rote expressed concern: the recycling is not taking glass bottles. He feels this is the most important part of recycling, and if they aren't going to take glass, he doesn't want the recycling can. They have recycling bins for cans, and he will use them.

Mayor Neilson explained the Washington County Solid Waste District initiated the recycling program. They are the body who determines what is allowed in the Blue Can. Washington City is forming an appeals body for the Blue Can, if he is interested in applying.

Meeting adjourned at 6:11 P.M.

Passed and approved this 11th day of May, 2016.
